

Table 2 Analysed samples of *P. xylostella* with description of the sampling sites and the NCBI-GenBank accession numbers

| Sl. No. | Sampling site | GenBank Accession No | Sl. No. | Sampling site | GenBank Accession No |
|---------|---------------|----------------------|---------|---------------|----------------------|
| 1       | China         | KC155004             | 17      | Canada        | EF380072             |
| 2       | China         | KC155150             | 18      | Canada        | KF370860             |
| 3       | China         | KC155143             | 19      | USA           | KF370682             |
| 4       | China         | KC155141             | 20      | USA           | KF370560             |
| 5       | China         | KC155139             | 21      | USA           | KF370690             |
| 6       | Israel        | KF370615             | 22      | USA           | KF370779             |
| 7       | Israel        | KF370874             | 23      | Macedonia     | KF370570             |
| 8       | Israel        | KF370542             | 24      | Finland       | KF370752             |
| 9       | Australia     | KF370724             | 25      | Pakistan      | KF370886             |
| 10      | Australia     | KF370737             | 26      | Pakistan      | KF370878             |
| 11      | Australia     | KF370538             | 27      | Pakistan      | KF370574             |
| 12      | Australia     | KF370546             | 28      | South Africa  | KF370810             |
| 13      | Australia     | KF370882             | 29      | South Africa  | KF370695             |
| 14      | Canada        | KF370653             | 30      | Kenya         | KF370598             |
| 15      | Canada        | KF370545             | 31      | Kenya         | KF370768             |
| 16      | Canada        | EF380087             |         |               |                      |
